

# i16

## Ice and water dispenser

### Serves popular chewable ice

The i16 utilizes advanced filtration technology for pure chewable ice and great tasting water. This is an ice dispenser that delivers all day ice for everyone, hot water for tea and hot chocolate, and ambient water which has been shown to be better for digestion. With the ability to produce up to 165 lbs. of ice per day, there will be plenty of ice-cold refreshment for the whole office.

### Innovative design and technology

#### Antimicrobial Technology

SafeTouch™ uses a silver ion antimicrobial technology to reduce the spread of bacteria and viruses and make touchpoints more hygienic and safer to use

#### In-tank UV sanitization

LED UV technology is used in-tank to effectively remove waterborne micro-organisms and to guarantee great quality water glass after glass

#### Advanced filtration

The state-of-the-art filtration system reduces chemical contaminants, removes sediment and small particles, and eliminates off-tastes and odors

### Modern and stylish

The i16 is an attractive addition to any workplace. It's high capacity ice production is designed to meet the needs of a busy office. The 11 inch dispense height accommodates large mugs and glasses. Add the optional touchless sensor-activated dispensing panel to reduce the amount of physical contact with the machine, keeping it cleaner and more hygienic no matter how many users you have.

## Features

Produces 165 lbs. of chewable compressed nugget ice per day and stores up to 16.5 lbs. of ice

---

State-of-the-art filtration

---

Touch activated sensor operation for easy cleaning

---

Leak detection technology

---

Safety button for hot water dispensing

---

Tabletop model can be put on a base for a freestanding option

---

TDS management technology featuring the ability to flush the evaporator

---

Hot and ambient water

---

Antimicrobial surface protection

## Water options

ice

ambient

hot

---

Number of users: 25

## Technical specifications

### Types available

Tower and tabletop

---

### Dimensions (include feet)

Tower:

55.05 (H) x 14.2" (W) x 23.6" (D)

Tabletop:

23.6" (H) x 14.2" (W) x 23.6" (D)

---

### Dispensing area height

11"

---

### Weight

Tower: 60 lbs

Tabletop: 43 lbs

---

### Power Consumption

4.9 amps per 24 hours

---

### Storage capacity

Ice storage capacity: 16.5 lbs.

Ambient capacity: tankless

Hot tank capacity: 0.5 gallon

---

### Rated Voltage/Frequency

120 V/60 hz

---

### Clearance

5" sides, rear; access to the top is required for service

---

### Recommended water pressure

30-70 PSI

---

### Drainage

Drainless technology

## Tested and certified
